# Something wrong?

## What to do if you are not happy

November 2006

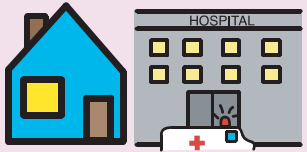

Oxleas   
NHS Foundation Trust

If you are not happy with:

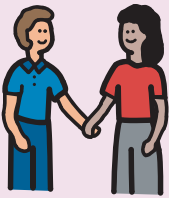

people who work with you

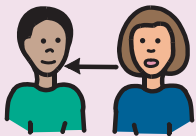

places you go

You can:

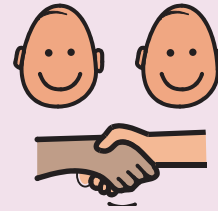

talk to someone who knows you

tell them what is wrong

Still not happy?

PALS will try to help with what is wrong.

PALS = Patient Advice and Liaison Service

PALS will:

listen to you

talk to other people

find people who can help.
